

United States Ceramic Tile Company's manufacturing technology creates products of the highest quality in both innovation and design. The company has made a significant investment in new product development by expanding its line to include revolutionary new porcelain products.

United States Ceramic Tile Company is headquartered in North Canton, Ohio, along with the U.S. operations of its sister companies Roca, Laufen and Incepa. All brands are part of the Roca Group. The combined Roca Group is among the largest sanitaryware and ceramic tile manufacturers in the world with ceramic tile factories in the U.S., Spain and Brazil.
